J: who can we contact re: bringing Alaskan smoked fish in small packets to our soldiers in Kuwait - assuming I still get to go overseas after MI next week? Do you think our folks at Int'l Trade could help hook us up?

Hi J:

The First Family is invited to lunch w/Michael W Smith in juneau on Monday, but I think I'll only bring Willow with me for that event. Pls note so DPS knows one seat will be taken by Willow.

Sounds good. I heard concerns on the DPS side in Dillingham and will coordinate as you requested with Talis and the other affected, integral agencies. Will give you a progress report in thirty days.

All the best,

Sean

Sounds good. Pls wk with Tibs on this. Also to be included should be help provided in the Bethel region via more public safety and judicial officers. I am asking Talis to give you an update on the very disturbing environment in the region, and his suggestions for help we can provide. (He just returned from visiting his Bethel offices)

Re my helping with legislature/legislation for the interim: Are you interested in me working with DPS, DOL, Corrections, Court System in coming up with ideas for you related to an anti-crime package you can introduce next session? (I can coordinate with Mike T.— just wanted to ask if you're interested in me doing this as I'm interested in working on it)

Subject: Enstar & Marathon

Daniel/Kevin:

I got a call from Enstar's counsel, Bill Saupe, today. He outlined for me some discussions Enstar has been having very recently with Marathon about gas supply. These discussions were apparently held in the last week, and are a take off from Enstar's earlier proposal to Marathon which were based on Enstar's discussions with RAPA regarding a price structure that we could accept. (This was vetted by DNR before we floated it to Enstar). The original RAPA endorsed proposal Enstar made got a very cool reception when tendered. But now, Marathon is asking questions about the RAPA proposal, and apparently is acting a little more positive. Saupe said Enstar was discussing supply options, including different tranches of supply (base load, swing, and peaking) as well. Enstar and Marathon want to meet with RAPA late next week to address some of these questions: pricing points selected, and options for other pricing points.

Saupe also to know if RAPA would affirmatively endorse to the RCA a proposed gas supply agreement if we found it acceptable. If so, Enstar wants us to tell Marathon at the meeting that we would do so. Also he asked what RAPA could do under acceptable contract

conditions to convince Tesoro and Agrium not to try to place roadblocks in front of quick RCA approval. He also said Marathon told Enstar it will not intervene in any RCA proceeding brought to review a new Enstar supply contract.

I told Saupe I'd get back to him on whether we will agree to meet. Privileged or Personal Materia

Privileged or Personal Material Redacted

Regarding pressuring Tesoro/Agrium to back off from objecting to a gas supply agreement we find acceptable, I told Saupe that I had no idea if we would be willing to do anything like that, but it is premature to even think of this until we see a supply contract we can live with.

Let me know if you see any reason not to meet with Enstar/Marathon next week. For our side, we would need to have Cristina and Lew present, in addition to me and anyone else you think necessary.

Steve

Subject: Call from Curt Menard

Governor - I just called Curt Menard and asked if there was something that I could help him with as you were in bill signings. Mr. Menard wanted to ask you if you'd reconsider for this Sunday with the Ntl. Park Svc. Tour as the Lama Helicopter was going away after July 15.

I explained that we can not reconsider at this time. Mr. Menard asked that we not forget about them and I told him we would try for sometime in August. He is asking if you're open to the idea of using a National Guard Helicopter as it would be a "training mission" for those folks. Thank you, Janice
